Schools cannot 'authorise' or 'unauthorise' the absence of pupils who are not of compulsory school age.

However, for ease schools can use the attendance module and therefore may use these codes to record the absence of pupils aged 4. Therefore, the 'unauthorised' absence codes ('G', 'U', 'O' and 'N') are also included in the business rules for completeness. Regardless of which codes are returned in the census for pupils aged 4, they will be treated as 'absence' by the department.

Table 26: Learner support (bursary funding for 16-19 year olds) [Not for: Nursery, Primary or Middle-deemed Primary]

This table does not apply to schools with a phase of NS, PS or MP

Post 16 Learning Aims

If learners have dual registration it is important that their learning aims are assigned to the school which holds their main registration. Schools should not submit learning aims in respect of subsidiary registrations. In the following tables figures relating to the previous academic year and/or to learning aims for learners no longer on roll may include learners who were dually registered with the school. Checks may need to be made with relevant staff in the school as to the registration status of such pupils as this information may not be available from the MIS.
