

The Round House Primary Academy Newsletter

Friday 15th March 2024 – Pre-School

Welcome!

Welcome to the latest edition of our newsletter. What a fabulous and busy few weeks we have had!

The older children have been enjoying phonics with Mrs Alecks and have been practising making the following sounds 'S, A, T, P, I, N'. It would be great if they could also practise at home.

Welcome to Mrs Hewitt, who has developed our Rhyme Time programme from Little Wandle for all of the children to enjoy.

Miss Elam has also joined our team and is getting to know all of the children.

We have been sharing the story of Goldilocks and the three bears for the last two weeks and the children have enjoyed learning a song, dressing up, making porridge and retelling the story.

All of the children have enjoyed a range of cooking activities; making their own pancakes for pancake day, oat and honey cookies to support our Goldilocks and the Three Bears story and making jam tarts....just because the children asked!

This week has been British Science Week and we have been doing some fun experiments and investigations.

We have visited the chickens again and Mrs Claydon was brave enough to catch one, so the children could stroke it.

We have introduced self-service at snack time (with adult support) and the children have become independent so quickly!

Coming Up

We have been learning about Ramadan and St. Patrick's Day. Please do talk to the team if there is something special happening in your family that you would like us to talk about with the children.

Coming Up

Next week, we are talking about recycling. If you have any recycling that may be suitable for junk modelling, we'd be very grateful to have it.

We will be doing lots of planting in the garden in the next few weeks. We look forward to seeing your Mother's Day sunflowers when they're grown

**Please can all children's clothes be labelled.
It is a lot easier to return if named.**
